|-------------------------------|--|
| Chemical Description : | Iminodisuccinic Acid disodium salt, solution in water |
|-------------------------------|--|

| | |
|------------------|--------------------|
| CAS No. : | 144538-83-0 |
|------------------|--------------------|

PROPERTIES:

| | |
|-------------------------------|--|
| Appearance | Colourless to yellow clear solution |
| Molecular weight g/mol | 329 |
| Specific gravity | 1.32-1.35 |
| pH | 3.2-3.5 |
| % solids | 40-45 |
| Sequestration value | 195 - 200 |
